ANYONE CAN OVERDOSE NARCAN SAVES LIVES

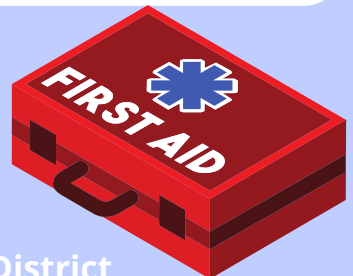

Narcan (Naloxone) temporarily reverses an opioid overdose allowing time to access medical attention.

- Easily administered
- Comes in various forms including a nasal spray
- Harmless if administered in error

QVHD offers **free training on overdose prevention and response**, providing free Narcan for you to add to your first aid kit.

While we hope you'll never need to use it, be prepared to respond using Narcan.
